Aug 22, 2018, 7:12 AM

Up for a visit? I'm happy to drive up to Annapolis.

Aug 22, 2018, 8:00 PM

Alright, LA?

Aug 23, 2018, 8:01 AM

Dude- let's grab cigars and whatever sometime soon!! Seriously. I'm not trying to be a hero- just miss hanging with you. So many things to discuss.

My 2 cents: have JRB pummel DJT on Fed Employees Pay Freeze as emblematic of his entire employment history and the way he really feels about people who work for him. He wants that to be the subject- make him eat shit over it. DJ doesn't get to make the news topics anymore- someone else needs to. Fuck the china nonsense.

This is like my diary. Get to share thoughts without fear of response 😊. Sidebar- gave first small contribution to Beto last year. Love that guy.

Thinking of Beau today, as I'm sure you are. So grateful to have known him.. even a little bit.

Sep 5, 2018, 8:40 AM

Have "drinks" scheduled with an exec from Citi (dude has a crazy story- from Columbia) in NYC next week (12th or 13th). He wants to party, prob gentlemen's clubs. Want to join?

Sep 26, 2018, 1:45 PM

Interviewing with a company that was based in your old building, Everfi. Did you know them or their CEO, Tom Davidson?

Sep 26, 2018, 3:05 PM

Yes I know him pretty well. Want me to call or email in a good word

No need yet- was more curious if you believe in their business? Lots of big name investors but not sure when/ if they IPO

Sep 27, 2018, 6:27 AM

I've only just started looking. Rumors are Verisign may sell my unit. Trying to find something that I can get excited about without risking too much. Leaving cyber security is ill-advised, but that hasn't stopped me before. Lol

Sep 27, 2018, 9:40 PM

Not sure about you but today was intensely humbling and enraging for me. It was half "there but for the grace.." and half "cannot fucking believe these degenerate fucks". I'm exhausted. Have you been able to tune out the political soap opera? Where's the silver lining?

Sep 27, 2018, 11:20 PM

For real with zero exaggeration my ability to tune out the political soap opera Must be at 100% and with no effort or guilt these days. Because I have no idea what you are talking about. Really not a clue and not only that I have no shame in that and knowing that it must've been a pretty big deal I'm certain I won't feel any desire to tune in.

At least I've masters complete ignorance.

Everfi wasn't interested. Guessing they sensed I wasn't that interested. Anyway, moving on.

Happy early new year! My boss shared this quote with our team today, and I thought it was something nice to reflect on and worth sharing. From Chief Tecumseh:

The Act of Valor "live your life"

So live your life that the fear of death can never enter your heart. Trouble no one about their religion; respect others in their view, and demand that they respect yours. Love your life, perfect your life, beautify all things in your life. Seek to make your life long and its purpose in the service of your people. When it comes your time to die, be not like those whose hearts are filled with the fear of death, so that when their time comes they weep and pray for a little more time to live their lives over again in a different way. Sing your death song and die like a hero going home.

Funny thing is josh despite everyone who has so much to say about what im doing wrong do you think I go anywhere or meet anyone without giving first and foremost my respect, despite the public shaming and the trauma and the hurt do you know anyone who thinks more than I how truly blessed that are. Have I not tried and tried and tried again through so much love and beauty to make a better life for everyone around me.and I can tell you with all certainty and not an ounce of drama that I fear nothing less than I fear death. And even in the knowledge that death is a welcome friend I'm certain I will be burdened with a long life in the service of those that I love whether love me back or. not. Im the hero in all my story josh because I really am that. Im tired of it though, so tired of these years where doubt and judgment and a certainty of the prescription for saving me comes from so many that will never know what a hero is, that will never know an act of valor.

I guess that was more for me - I can be pretty selfish and insecure. Thought the idea of trading fear for ownership, without disrespecting (in my case, using) others was powerful. You have always been one of the most generous people I know- almost to your own detriment. Maybe it's as simple as believing there's hope in your truth/ way. Any chance we might get together anytime soon? There's so much to catchup on.

Shut the fuck up josh

You drive me insane

I miss you bro much

I loved you more than you will ever know

And strap on your strap on as I think I was the first to ever say

Because the road to the White House

Sucks ball sack

Thanks buddy. It was all genuine. Hope I didn't let you down as a friend. Things got complicated as fuck and I didn't know what was right or wrong. In terms of helping you and still being a friend you could trust to not judge you.

But there is a very unfulfilling and demoralizing job At the end of all of this

You always let me down

You ready?

Lol

Thats your m/o
