Hi Hunter it's Kathy fairbend the physical therapist from Blue Water. I saw you two weeks ago and would really like to follow up on your knees make sure we're making some progressr . Would you be able to come this Wednesday late morning 10:30 or 11? Let me know and perhaps and you could try the juvant machine again which I know made you feel better. Please let me know by text . It's always important for me to follow up for good care. Looking forward to hearing from you.kathi

Good morning hunter gets Kathy fairbend just repeating my message from yesterday that I'm the physical therapist that you saw at Bluewater wouldn't like to have a chance to follow up and make sure we're making some Headway with your knees. Is there any chance you would be interested or could come on Wednesday morning that's tomorrow morning that 10 10:30 or 11:30 let me know if that's a possibility if not if there's a time that would be better for you thanks so much hope your day is going to go well bye

Hi Hunter, I miss seeing you this week at Bluewater and I'm hoping that you will be able to come next Wednesday which is the 19th at 11:30. If you wanted to do 10:30 I have that time open also. Please let me know that you have the message and which time would be better for you the 10:30 or the 11:30 I'm assuming 11:30 is more to your time schedule. Take care and I hope you have a nice weekend. Kathi.. Blue Water physical therapist
