

Can I call you later?

Sure

I love you

I love you and you know it... Why is it that anyone would believe the ducking shit that comes out of the biggest gossip mill of a family on the east coast. My mother is taking it verbatim along with yours and preaching it to Dad — and then the weight you. Wright upon Wright Leland in me.

Your mother literally would not have a place j. The world right now let alone a job and in income three times as much as when she was finally offered and on top of that a real fucking substantive position a whole life because of me I said to my father I will not fucking talk to you ever again if you don't do exactly what I say he still didn't do exactly "other text my mothers side information coming to Kathy from City from Liz from Halle Halle is literally the source of all of it because she needs to save yourself and I'm a willing fucking

Sacrificial lamb at the altar

And instead of getting credit for anything instead of getting credit for providing uncle Jimmy with entirety of his income instead of getting credit for providing the entirety of fucking losers income which means it doesn't come from my brothers fucking insurance which I paid the premiums I am so fucking sick of it I don't want to talk to any of you for a long fucking time

I don't engage in rumors. I'm around as much as I can for Nat and Hunt and that's my focus. I encouraged both to text you on way to school because the only thing I do know is that we all love you and want you in our lives. I'm sorry for saying anything this morning I was thinking about little Hunt and should have thought more about you, so I'm sorry for that.

Do you know why I'm paying your Citibank card bill? I'm sure there is a reason- just no clue.

It's in Naomi's name, it's her card. She couldn't get a credit card w her credit so I connected her to my account so she can build credit that way. I don't use the card except for an occasional flight and I pay that piece.
