Education **B.S. Degree**, Computer Information Technology - University of Maryland
A.A. Degree, Computer Studies- University of Maryland
East High School - Anchorage, Alaska - Diploma Awarded (1999)

U.S. Army Work Experience 1999-2006 Positions Held

Senior Computer Network Exploitation Specialist (04/05-07/06)

National Security Agency, Ft. Meade, Maryland 20755

Served as a Senior Computer Network Exploitation Specialist within National Security Agency/Central Security Service (NSA/CSS); helped train and mentor several analysts within the Counter-terrorism product line; provided guidance to multi-service members and civilian personnel on techniques for target discovery, reporting and analysis; gave direction to help support operations out forward for targets of the highest echelon on the Global War on Terrorism; supervised 40 + Army personnel; ensured Soldiers were properly trained, challenged and motivated.

Digital Network Intelligence Analyst/DNI Reporter (04/04-04/05)

National Security Agency, Ft. Meade, Maryland 20755

Served as a Digital Network Intelligence Analyst and DNI Reporter within the National Security Agency/Central Security Services (NSA/CSS); performed reporting and analysis crucial to supporting SIGINT development and knowledge transfer with outside Agencies; disseminated critical reporting to a host of national-level and tactical theater Commanders in support of standing Intelligence Requirements and ad hoc tasking. Supervised daily 35 + Army personnel in their job requirements and Army duties.

Team Chief/Global Network Analyst (01/03-04/04)

Kunia Regional Operations Security Command, Hawaii

Performed SIGINT analysis and reporting crucial to supporting network development, target selection, and follow-on operation in the Network Development Division (NDD); served as a team chief on a six-person multi-service team conducting target development, detailed network mapping, and dissemination of critical data to national and Kunia Regional Security Operations Center (KRSOC) operations offices in support of their requirements; researched and updated databases used to drive the tasking of national resources.

Senior Systems Coordinator (01/02-01/03)
Kunia Regional Operations Security Command, Hawaii
 Managed and coordinated the maintenance of communication information systems valued at over one billion dollars for the joint service Kunia Regional Security Operations (KRSOC) and allocated resources to over 250 system users by implementing priority tasking to assist collection management end users and technical support specialist for over 140 mission systems. Provided Technical advice to the Joint Operations Center (JOC) Senior Watch Officer; while training multi-service personnel in system NCO operations.

Signals Collection/Identification Analyst (07/99-01/02)
Fort Jackson, SC/Pensacola, FL/Kunia, HI
 Performed and supervised acquisition, collection, resource management, analysis and exploitation of foreign communications and radar signals at all echelons. Operated signals intelligence (SIGINT) equipment and prepared logs and technical reports. Searched radio frequency (RF) spectrum to collect, identify, and record target communications and selected categories or classes of electro-optic or foreign instrumentation signals (FIS). Coordinated interaction with other data collection and processing activities. Prepared technical reports and technical databases in support of collection operations.

Technical Training	Foundstone Ultimate Web Hacking (2005) Cisco Certified Network Associate (2005) Security + (2005) Network+ (2005) Network Exploitation/Target Development Boot Camp (NETA3001) (2003) Digital Network Traffic Recognition (2003) Internet and Network Communications (2003) USPACOM Intelligence Support to Information Operations (2003) (NSA) Global Knowledge Telecommunications Fundamentals (2003)\ Global Knowledge Understanding Network Fundamentals (2003) Global Knowledge Internetworking with TCP/IP (2003)
Military Training	US Army Primary Leadership Development Course (2002) Communications Identification Methodology Course (2001) Basic Communications Signals Collection and Processing Course 450
Military Awards	US Army, SSG (E-6), 98K, 7/9/1999 to Present, Honorable Discharge 10/03/06, Awards Received; Joint Service Achievement Medal, Good Conduct Medal, Global War on Terrorism Medal, Defense Service Medal
