EXPLANATORY NOTESAGREEMENT

1. This NATO Standardization Agreement (STANAG) is promulgated by the Chairman MAS under the authority vested in him by the NATO Military Committee.
2. No departure may be made from the agreement without consultation with the tasking authority. Nations may propose changes at any time to the tasking authority where they will be processed in the same manner as the original agreement.
3. Ratifying nations have agreed that national orders, manuals and instructions implementing this STANAG will include a reference to the STANAG number for purposes of identification.

DEFINITIONS

4. Ratification is "In NATO Standardisation, the fulfillment by which a member nation formally accepts, with or without reservation, the content of a Standardization Agreement" (AAP-6).
5. Implementation is "In NATO Standardisation, the fulfillment by a member nation of its obligations as specified in a Standardization Agreement" (AAP-6).
6. Reservation is "In NATO Standardization, the stated qualification by a member nation that describes the part of a Standardization Agreement that it will not implement or will implement only with limitations" (AAP-6).

RATIFICATION, IMPLEMENTATION AND RESERVATIONS

7. Page (iii) gives the details of ratification and implementation of this agreement. If no details are shown it signifies that the nation has not yet notified the tasking authority of its intentions. Page (iv) (and subsequent) gives details of reservations and proprietary rights that have been stated.

AIM

1. The aim of this agreement is to promote the use, updating and application of AOP-15.

AGREEMENT

2. For munitions intended for use by NATO armed forces, participating nations agree to:
 - a. establish and maintain munition development and assessment policies that are in concert with the guidance provided in AOP-15;
 - b. apply the guidance of AOP-15 where appropriate for the development of munition safety design requirements and for the conduct of studies, analyses and tests used to assess the safety and suitability for service of such munitions;
 - c. consider this STANAG as a basis for the issue and revision of AOP-15 by NATO Group AC/310.

IMPLEMENTATION OF THE AGREEMENT

3. This STANAG is considered implemented by a nation when that nation has issued instructions that the provisions of this STANAG and AOP-15 referred to herein will be complied with.
